Appendix 2-5
Settlement and the Colonial Period
(1607 - 1760)

Direction Sheet

GEOGRAPHICAL STUDY OF THE ENGLISH COLONIES

PURPOSE OF THE LESSON: Review and study the many geographical place names
associated with life in early colonial America.

REFERENCES: Use the maps in the TEXTBOOK, pages 122 and Atlas R15.

1. Locate and label the 13 English colonies; use colored pencils to shade
each colony.

2. Locate and label the following colonial towns:
   Boston
   Plymouth
   Philadelphia
   St. Mary's
   Jamestown
   Charlestown
   Providence
   Hartford
   For extra credit, locate:
   New York City
   Wilmington
   Roanoke Island
   Savannah

3. Locate and label the following rivers of colonial America:
   Savannah River
   James River
   Susquehanna River
   Delaware River
   Hudson River
   Mohawk River
   Connecticut River
   St. Lawrence River

4. Locate and label the following Mountain Ranges:
   Blue Ridge Mts.
   Cumberland Mts.
   Catskill Mts.
   Adirondack Mts.
   Green Mts.
   White Mts.

5. Locate and label
   Atlantic Ocean
